## DEPARTMENT OF BCA

### GARHBETA COLLEGE

#### ACTION TAKEN REPORT ON FEEDBACK ANALYSIS (2021-22)

1. Regarding the 'Level of preparation of the teachers for the classes', 51.85% and 35.19% of students responded 'very good' and 'good', respectively, while 12.96% choose satisfactory. It can be clearly seen that the efforts given by the teachers are above satisfactory level on average as almost 86% respondents have marked good and very good. The departmental teachers are advised to pace up their efforts to bring up better results in future.
2. The feedback on the 'Performance of the teachers in explaining course materials' is also encouraging for the department. 50% and 42.59% of the students responded very good' and good', respectively, while 7.41% of the respondents have written 'satisfied'. The result shows that the teachers need to emphasize more in this particular teaching learning process. Anyway, the departmental teachers have been suggested to mark one to one student as and when required regarding explanation of course material and to guide them repeatedly until they get an understandable and satisfactory situation.
3. While judging the "Performance of the teachers in clearing any doubt/confusion raised by you", 55.56% and 40.74% of the students replied 'very good' and good', respectively and 3.7% of the respondents have written 'satisfied'. The result shows positive feedbacks from the respondent students. The students who have showed and marked boxes other than "Very Good" and "Good", cannot be marked by names, as the feedback collection was anonymous. That is why, the department is organizing doubt clearing EXTRA TUTORIAL CLASSES for everyone.
4. The department has noticed that in the evaluation for the 'How the teachers used class time', 44.44 % and 40.74% of the students responded very good' and good', respectively, while 11.11% choose 'satisfactory, 3.7% respondents marked the form as not satisfactory which is not understandable, as the teachers are monitored by the Departmental authority and the class time is used in an efficient way. Beyond the class hours, teachers of our department usually remain available in the departmental staff room. Students avail this opportunity regularly for clearing any of their doubts. However, the authority has advised the teachers to use the class time in a more interactive and practical way to take out the negatives.
5. As regard to the "Performance of the teachers in inspiring you about the subject & subject matters", 53.70% and 42.59% of the students responded 'very good' and 'good', respectively, while 3.7% choose 'satisfactory'. S on the whole students' feedback on this point is quite satisfactory.
6. 51.85% of the respondents have written 'very good', 40.70% of the respondents have written 'good' and 7.41% of the respondents have written 'satisfied' while evaluating "Your feeling in receiving feedback of your performance from your teachers in pursuing the course." The result shows that a positive environment and a healthy relation between the teachers and the students do exist.
7. When the students were asked 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?', 62.96% of the respondents have written 'NEVER', 14.81% of the respondents have written 'RARELY' and 7.41% of the respondents have written 'ALWAYS', 9.26% evaluated frequently. The teachers do not make any discrimination in classes or in evaluating performance of the students in the internal assessment to the best of their knowledge. Some students could not perform better in internal assessment and could not secure good marks; they thought it is because of discrimination. However, the authority takes a serious note of it and decides to meet the students to know their grievances.

## MESSURES TAKEN BY THE DEPARTMENT

1. In the first point, 'Level of preparation of the teachers for the classes', **84.61%** and **14.52%** students responded 'very good' and 'good' respectively while **0.85%** attributed to satisfactory. There is no 'not-satisfactory' comment and we were satisfied. However, the departmental teachers', explained that it is not true that the preparation of Teachers has lacking but in the context of delivery we have to be more careful. Moreover, we shall be more attentive in class.
2. The point 'performance of the teachers in explaining course materials' is also encouraging to us with **79.48%** and **17.09%** students put their options as 'very good' and 'good' respectively while **3.41%** attributed to 'satisfactory'. We have to reach to the students with repeated elaborative explanation. In coming days, we shall put emphasis on method of explanation.
3. We recorded **75.64%** and **18.08%** students supported as 'very good' and 'good' and **5.5%** students remark 'satisfactory' in the judgment of 'Performance of the teachers in clearing any doubt/confusion raised by you'. Though all the students are satisfied but to achieve the grade 'very good' or 'good' from the grade satisfactory, we may make some groups from students and clear their doubts.
4. 'How the teachers used class time': Here, **61.11%** students found that the teacher used full time in subject topic; however, **29.05%** found some deviation where **7.26%** feel satisfactory in topic discussion. The departmental teachers are requested to be more cautious for using full time in subject topic in every class.
5. 'Teachers' response in clearing any doubt beyond routine time' : Beyond class hour Teachers usually available in the teachers staff room of the department and most of the time students avail the opportunity of clearing their doubts. According to the statistics submitted by students against this point we feel satisfaction, then also we shall try our level best to spare more time in doubt clearing.
6. 'Performance of the teachers in inspiring you about the subject & subject matters': Data found in the excel sheet is quite satisfactory to us because there is no 'not-satisfactory' feedback. To make the subject like Bengali, more and more interesting

we will organize quiz, debate and popular talk in the dept. on the subject of Bengali as well as literary subject.

7. 'Your feeling in receiving feedback of your performance from your teachers in pursuing the course': In this point **67.52%** students feel 'very good' and **29.05%** have a 'good' feeling while **3.41%** are satisfied.
8. 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?' To analysis this point, we see that **88.46%** students never found any discrimination and **6.83%** have come across any discrimination rarely; this rare discrimination may occur and it is human error and never within the knowledge of a teacher. However, **9.9%** students assessed that the discrimination occurs sometimes and this comment may be attributed that the students couldn't envisaged his/her mistake; we shall clarify the subject matter again and again so that their misconception annihilated and students can rectify themselves. Here, **4.7%** students put that they found always discrimination which is never possible because our teachers are sincere in teaching learning and evaluation. Even though, we shall meet all the students regarding their grievances in the evaluation of internal examination. We also talk to our faculty members regarding this issue.
9. Regarding the point to rate department(s), **61.96%** students rate 10, **15.87%** rate 9, **10.68%** students rate 8, **8.54%** students rate 7 while **0.55%** of students rate 6. We are quite satisfied but not happy to see this rating of our students. We may take proper measures to increase our overall performance in future.

## **ACTION TAKEN REPORT Based on Students' feedback (2021-22)**

Feedback was collected from the students studying in the department of Botany. Questions were asked on various parameters, analysis of the data collected is done on percentage method. Out of all the parameters, it was found that most of the students were able to show very good response. It was felt to take few actions on this parameter for overall upgradation of department as well the students.

- More focus on professional electives.
- Psychological boost up for motivation.
- Remedial class for students
- Focus on ICT tools
- More focus on practical classes, seminars and skill development

Outreach activity, Institute Visit, excursion etc

## STUDENTS FEEDBACK ANALYSIS (2021-2022)

Students' Feedback is an essential element of the learning process. The college collects the feedback on various aspects from the students using structured questionnaire. The feedback collected from the students has been analysed and action taken to strengthen the quality of teaching learning environment and to look for opportunities to improve overall performances including teacher in classroom engagement with students to bring excellence in teaching and learning.

This questionnaire is intended to collect information relating to your satisfaction towards facilities and services provided for creating conducive atmosphere for teaching and learning. The information provided by the students was kept confidential and was used as important feedback for quality improvement of the various courses and programmes offered by Garhbeta College (Under Vidyasagar University WB).

In order to arrive at comprehensive results, statistical analysis and graphic representations has been undertaken. The IQAC has analysed the responses of students' feedback form on curriculum design and report submitted to authorities, who in turn discuss at various fora, including meetings with the head of the departments.

## Action Taken Report on Feedback Analysis (2021-2022)

1. Of the students who answered the evaluation question on the "Level of preparation of the teachers for the classes," 95.9% said it was "very good," 2.05% said it was "good," and 2.05% said it was "satisfactory." We are pleased that no respondent selected the "Not Satisfactory" option. The department head clarified, though, that while teachers are not inherently unprepared, they are asked to exercise greater caution in how they present their lessons. Additionally, we will prioritize student satisfaction more.
2. The department is especially encouraged by the comments regarding the "performance of the teachers in explaining course materials." 91.8% of the students gave a "very good" response, while 8.2% gave a "good" response. It is crucial to regularly explain the subjects in detail. Instructors should always remember to emphasize the need for ongoing development in their explaining techniques.
3. 89.8% and 8.2% of the students, respectively, selected "very good" and "good" when rating the "Performance of the teachers in clearing any doubt/confusion raised by you," with 2% selecting "satisfactory." Even if no student selected the "not satisfactory" option, setting up a focused students' group to address their questions can help us receive better feedback down the road.
4. The department is pleased to see that 91.8% of students rated the professors' use of class time as "very good," 6.1% as "good," and 2% as "satisfactory" in the evaluation. To sustain this performance, all of the department's teachers are asked to put in a lot of effort.
5. Our department's teachers typically stay available in the staff room after classes end. Students frequently take advantage of this chance to get any questions answered. We are happy with the student response that was turned in because 91.8% of the students said it was "very good," 6.1% said it was "good," and 2% said it was "satisfactory." As a result, we will make every effort to maintain this caliber of performance.
6. We find the student feedback on the "Performance of the teachers in inspiring you about the subject & subject matters" to be fairly satisfactory. While no student selected a grade lower than "satisfactory," 95.9% of pupils answered "very good" and 4.1% said "good." In an effort to inject some excitement into the Bachelor of Physical Education (B.P.Ed.) program, the department has chosen to host competitions in the form of sports quizzes, intramural competitions, and minor and major games.
7. 85.7% of students report feeling "very good," 10.2% report feeling "good," 2% report feeling "satisfied," and 2% report feeling "not satisfied" with the feedback they received from their teachers on how they performed during the course.

8. When the question was posed to the students, "Did you ever feel discriminated against in class, when assessing your performance on an internal assessment or test, or in any other way?" Of them, 4.1% had infrequent encounters with discrimination and 69.4% had never encountered any. This could happen as a result of human error that a teacher is unaware of. 8.2% of students did, however, believe that prejudice happens occasionally; this could be explained by the students' inability to recognize their own errors. In such a situation, we would always rephrase the material to dispel students' misconceptions and allow them to make the necessary corrections on their own. We believe it is impossible that 18.4% of the children experienced discrimination on a daily basis given our teachers' genuine commitment to provide equal learning opportunities. However, we will meet with every student to discuss and attempt to resolve any complaints they may have about the evaluation process.
9. When asked if they had ever experienced sexual harassment on college campuses, 100% of the students responded that they felt safe and secure there. No student could be recognized in relation to this delicate matter because the student input procedure was anonymous. Additionally, no complaint supporting the aforementioned feedback was filed with any of our grievance redressal bodies (e.g., Complaints & Grievance Redressal Sub-Committee, Women's Cell of Garhbeta College, ICC (Internal Complaints committee), "SAHELI"), etc. However, the department and the college community as a whole have taken this very seriously and have chosen to take the following actions in the coming days:
- i. Students should be able to file complaints with any department. Any grievance posted there once a week will be recorded in a register and dealt with in the division. The college administration will take up the issue and take further action if the department is unable to come to a resolution.
  - ii. The department's instructors will hold counselling sessions for the students to address any concerns they may have about harassment of any kind.
  - iii. "SAHELI," the Women's Cell, the Disciplinary Committee, and the Grievance Redressal Cell will be prepared to investigate these kinds of issues.
10. When evaluating the department using a "0 to 10" scale, where "0" denotes poor performance and "10" denotes great performance, 91.8% of respondents gave the department a "10" grade, 4.1% gave it a "9," 2% gave it a "7," and 2% gave it a "5." We think that the overall rating of the department can be raised if all of the actions listed in points 1 through 9 above are carried out successfully and routinely monitored. to make sure the department is making a constant effort.

## Action taken Report on Feedback Analysis (2021--22)

1. In the evaluation for the 'Level of preparation of the teachers for the classes', 69.7% and 30.3% of students responded 'very good' and 'good', respectively. We are happy since no respondent chose the category 'satisfactory' or 'not satisfactory'. As it is better than previous year, the HOD of the department congratulate teachers about this matter, but he mentions regarding class delivery the teachers are requested to be more careful and put more emphasis on students' satisfaction.
2. The feedback on the 'Performance of the teachers in explaining course materials' is also encouraging for the department. 68.2% and 28.8% of the students responded 'very good' and 'good' respectively. Teachers are requested to explain the topics elaborately. Teachers are to remember to put emphasis on continuous improvement of their methods of explanation.
3. While judging the 'Performance of the teachers in clearing any doubt/confusion raised by you', 63.6% and 34.9% of the students replied 'very good' and 'good', respectively. Though no student chose category 'not satisfactory', creating targeted students group for clearing their doubts, can fetch us better feedback in future. To clear doubts remedial class will be taken for slow and advanced learners separately.
4. The department is happy to notice that in the evaluation for the 'Efficiency of the teachers in using the class time', 51.5% and 36.4% of the students responded 'very good' and 'good', respectively. 12.1% students responded satisfactory. All the teachers of the department are requested to work hard to maintain this performance and become more efficient in using the class time.
5. Beyond the class hours, teachers of our department usually remain available in the departmental staff room. Students avail this opportunity regularly for clearing any of their doubts. We are partly satisfied with the feedback submitted by the students since 50.0% and 40.9% of the students responded 'very good' and 'good', respectively, while 4.55% of the students responded 'satisfactory' and rest 4.55% responded 'non- satisfactory'. As some respondents are not satisfied about the doubt clearing beyond the class hours, HOD requested all the teachers to spend more time in the department to solve different problems of the students.
6. Students' feedback is quite satisfactory to us regarding "Performance of the teachers in inspiring the learners about the subject & subject matters". 60.6% and 33.3% of the students responded 'very good' and 'good', respectively, while 6.1% of the respondents chose 'satisfactory'. To make the subject of Chemistry more interesting, the department has decided to organize quizzes, debates and popular talks.
7. 43.9% of the students feel 'very good' and 51.5% of the students feel 'good' while 3.0% of the students feel 'satisfactory' regarding the 'Performance from their teachers in pursuing the course. In the departmental meeting it is resolved that all the teachers will complete their allotted syllabus (both theory and practical) by taking extra classes if necessary.

8. When the students were asked 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect? 71.2% of them never found any discrimination and 12.1% have come across discrimination rarely. This may occur due to human error beyond the knowledge of a teacher. But it is very alarming to us that 16.7% students assessed that the discrimination occurs sometimes. In such case, we shall clarify the subject matter repeatedly so that their misconception is sorted and students can rectify themselves. It is decided that students can check the evaluated answer scripts of internal assessment. Nevertheless, we shall meet all the students to address their grievances regarding the evaluation process and try to resolve it.

9. While rating the department on the basis of '0' to '10' scale, where '0' means poor and '10' means excellent, exact one third (33.3%) of the respondents have given '10' rating, 27.3% of the respondents have given '9' rating, 18.2% of the students have given '8' rating, 12.1% of the students have given '7' rating, 7.6% of the students have given '6' rating, none of the students have given '5' and '4' rating and 1.5% of the students have given '3' rating. None of the students have given '2', '1' and '0' rating. Though this year rating is little better than previous year we hope if all the measures mentioned in the above points 1-8 are implemented effectively and followed up regularly, we believe that the overall rating of the department can be improved.

## Department of Commerce Students' Feedback Analysis (2021-22)

Department of Commerce, Garhbeta College, distributed feedback forms among its students (2021-22) to note their valuable feedback. The feedback parameters were:

- A: Level of preparation of the teachers for the classes
- B: Performance of the teachers in explaining course materials
- C: Performance of the teachers in clearing any doubt /confusion raised by you
- D: How the teachers used class time
- E: Teachers' response in clearing any doubt beyond routine time
- F: Performance of the teachers in inspiring you about the subject & subject matters
- G: Your feeling in receiving feedback of your performance from your Teachers in pursuing course
- H: Did you ever feel discriminated in classes or evaluating your performance in the internal assessment or in any other respect ?
- I. Rate your department on the basis of "0 to 10" scale, where "0" means poor and "10" means excellent

The above mentioned points from A to E are related to **teaching learning process** in the student feedback analysis. Points F and G are considered as **motivational aspects**. Points H and I of the analysis are based on the possibilities of **discrimination**. Point I is related to the judgment of the students with regard to **overall performance of the department**.

**Total number of respondents: 06**

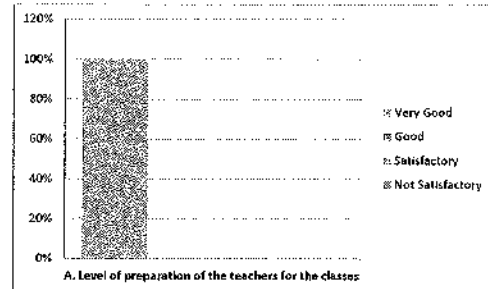

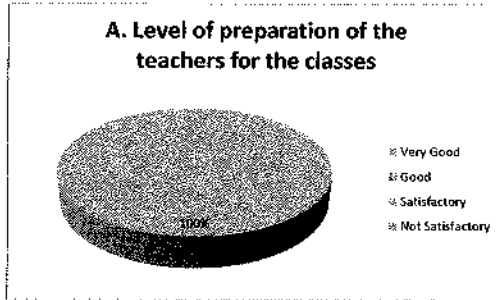

The responses from the students on the above-mentioned parameters have been converted to the percentages and those have been plotted into bar chart and pie chart for the purpose of the analysis.

### A: Level of preparation of the teachers for the classes

A. Level of preparation of the teachers for the classes	Very Good	Good	Satisfactory	Not Satisfactory
Response from the students	100%	0	0	0

It is seen from the data that cent percent of the students responded 'very good' as to the level of preparation of the teachers for the classes, so they are fully satisfied with this parameter and as such no response has been recorded on other three options while analysing performance on the level of preparation of the teachers for the classes. This has been duly reflected in the graphical representation as depicted below.

## DEPARTMENT OF COMMERCE

### ACTION TAKEN REPORT BASED ON FEEDBACK ANALYSIS (2021-22)

#### A: Level of preparation of the teachers for the classes:

As we see that all students responded 'very good' as to the level of preparation of the teachers for the classes, so they are fully satisfied with this parameter. It gives a pleasure to the faculties of the department that students are satisfied with the preparation taken by the teachers before the delivery of the classes. This is because of the mindset of the teachers to get themselves well prepared before taking the classes. Teachers are serious on this point this year as evident from the feedback from the students of the previous year.

#### B. Performance of the teachers in explaining course materials:

We are also happy to know from the students that they expressed their full satisfaction regarding the explanation of course materials by the teachers. This point forms the bases of teaching. Teachers have put their best possible effort to explain the course curriculum in a lucid manner so as to make it clear and easily understandable for all students. Teachers are to follow this practice for subsequent years.

#### C. Performance of the teachers in clearing any doubt /confusion raised by you:

So far as the response of the students is concerned on clearing their doubt it was found that 83.33% of the respondents were extremely satisfied in clearing their doubt and 16.67% of the respondents were fairly satisfied in clearing their doubt. This had led to the department to think over it and to take every possible effort to make any doubt clear when raise any confusion in future. It has also been decided to keep a question answer session in the class which will help in clearing doubt in future.

#### D. How the teachers used class time:

Regarding the efficiency of the teachers in utilizing class time, it is found that hundred percent of the students responded 'very good' and no one has opted for 'good', 'satisfactory' and 'not satisfactory'. So all teachers utilised class time very effectively as per opinion of the students who, in fact, are the best judge of the teachers. So this judgement is very encouraging for the teachers of the department and all have agreed to maintain this practice.

#### E. Teachers' response in clearing any doubt beyond routine time:

Feedback from the students on clearing their doubt beyond routine hour is not so encouraging for the department as evident from the data on this particular parameter. 33.33% of the respondents written 'very good' and 66.67% of the respondents written 'good' while analysing Performance of the teachers in clearing any doubt beyond routine time. So the department has a serious concern on clearing the doubt of the students beyond class hour. So it has been decided to accept the students and devote time when they will come to the teachers beyond class hour for clearing their doubt. It has also been suggested by the HOD to give accessibility of the students over phone call to clear their doubt if for any unavoidable reason teacher is not able to provide time on a particular day.

#### F. Performance of the teachers in inspiring you about the subject & subject matters:

As regard to the "Performance of the teachers in inspiring you about the subject & subject matters", 100% of the students responded 'very good'. So students' feedback on this point is very much satisfactory. It has been decided to open up the diverse range of studies available to this discipline and students will be inspired in the field of higher studies according to their suites.

### G. Your feeling in receiving feedback of your performance from your teachers in pursuing the course:

The feedback on the 'Your feeling in receiving feedback of your performance from your teachers in pursuing the course' is also encouraging for the department as 83.33% of the of the students responded 'very good' and 16.67% of the of the students responded 'good' and no student has responded 'satisfactory' and 'not satisfactory'. It represents a healthy relationship between the teachers and students and they feel free to render their feedback. The HOD of the department suggested to maintain the teacher-student relationship in a such way that every student feels free in giving feedback of the department.

### H. Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?

In receiving feedback on "Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?" it was found that not a single student felt discriminated in classes or in internal assessment/test or in any other respect. It's a matter of pride for the department that each and every student is treated with equity without any kind of biasness. It is suggested to maintain such environment in the department for the years to come.

### I. Rate your department on the basis of "0 to 10" scale, where "0" means poor and "10" means excellent:

This is the last parameter of the feedback analysis where students are asked to rate their department on a 10-point scale where "0" means poor and "10" means excellent. So far as the responses from the students are concerned on this point it was found that 83.33% of the total respondents rated the department with the highest rating '10' and 16.76% of the total respondents rated the department with the next highest rating '9'. No student has put any rating in between 0 to 8. So as a whole the overall rating of the department is quite encouraging. So all the teachers should put every possible effort to maintain the same and even to improve it to the highest possible extent.

#### Actions taken Report on Feedback Analysis (2021–22)

1. In the evaluation for the '**Level of preparation of the teachers for the classes**', 69.13% and 22.22% of students responded 'very good' and 'good', respectively. However, the Head of the department explained that it is not the case that the teachers are not prepared, but regarding class delivery, the teachers are requested to be more careful. Moreover, we will put more importance on students' satisfaction.
2. Regarding the feedback on the '**performance of the teachers in explaining course materials**', 58.02% and 29.62% of the students responded 'very good' and 'good', respectively and respectively, 7.40% chose satisfactory and 1.23% (only 1 student) chose the category of 'Not Satisfactory'. After getting such kind of responses, the department arranged a meeting to discuss that issue and decided to put more emphasis on the continuous improvement of their methods and techniques of explanation.
3. While judging the '**Performance of the teachers in clearing any doubt/confusion raised by the students**', 56.79% and 25.92% of the students replied 'very good' and 'good', respectively. The teachers met with the students and decided to take more remedial classes to clear their doubts.
4. In the evaluation for the '**Efficiency of the teachers in using class time**', 55.55% and 28.39% of the students responded 'very good' and 'good', respectively, while 14.81% chose 'satisfactory' and only 1 student responded 'not satisfactory'. All the teachers of the department have promised to work hard to make improvement in this regard.
5. Beyond the routine time, teachers of our department usually remain present in the departmental staff room. Students get that opportunity regularly for clearing any of their confusions. 46.67% and 28.39% of the students responded 'very good' and 'good', respectively, while 24.69% chose 'satisfactory'. After receiving such feedback, the teachers of the department discussed with each other

how they can help the students and share their thoughts and promised to try their level best to enhance this level of performance.

6. Students' feedback is quite encouraging to us regarding **"Performance of the teachers in inspiring you about the subject & subject matters"**. 71.60% and 22.22% of the students responded 'very good' and 'good' respectively, while 3.70% chose 'satisfactory'. To make English literature and language more interesting, the department has decided to organize more lectures and seminars frequently on various topics.

7. 43.20% of the students feel 'very good' and 48.14% of the students feel 'good' while 7.40% of the students feel 'satisfied' regarding **'Receiving feedback of their performance from their teachers in pursuing the course'**. The teachers will try to focus on this regard in future.

8. The feedback on the **'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?'** is also encouraging for the department. 85.18% of them never found any discrimination and 11.11% have come across discrimination rarely. This may occur due to human error beyond the knowledge of a teacher. However, only 1 student assessed that the discrimination occurs always; which we think is not possible because our teachers are heartfelt about equal opportunity in learning or this may be attributed to the fact that the students couldn't predict his/her own mistake. In such case, we shall clarify the subject matter repeatedly so that their misunderstanding is sorted and students can rectify themselves.

9. While rating the department on the basis of '0' to '10' scale, where '0' means poor and '10' means excellent, 16.04% of the respondents have given '10' rating, 48.14% of the respondents have given '9' rating, 14.81% of the students have given '8' rating, 8.64% of the students have given '7' rating, 9.87% of the students have given '6' rating and 1.23% of the students have given '5' rating.

If all the measures stated in the above points 1-8 are executed effectively and monitored on a regular basis, we believe that the overall rating of the department can be enhanced. To ensure that the department is trying endlessly.

written 'Not-satisfactory'. In the previous academic session, no anyone has written 'not satisfactory'.

Overall, we received quite satisfactory feedback regarding the teachers' performance and their involvement in the teaching-learning processes. In this field, the Department has improved significantly compared to the last academic session which is evident from the students' feedback report. All the members of faculty of Geography have unanimously agreed upon the fact that online mode of learning methods had severe negative impacts on the Geography curriculum, which is essentially a laboratory-based subject. Remedial classes, different teaching methods were adopted through online mode and applied for students who needed more assistance. **The department will continue to deliver the best for the betterment of the students in future. For convenience, faculty members of the Department of Geography will divide the students into several groups and interact with those groups of students regarding their issues. We are hopeful to get a consistent feedback scenario for the upcoming academic sessions.**

- It has been observed that 7.53% students never found any discrimination and 40.86% have come across any discrimination rarely. This 'rare discrimination' may occur and it is human error and never within the knowledge of a teacher. However, 46.24%, 3.23% and 2.15% students assessed that the discrimination occurs sometimes, frequently and always, respectively. **The result of student's feedback related to discrimination is not at all satisfactory for Geography department than previous academic session (2020-2021). As the situation found to be not improved. Therefore, it is decided that to overcome this problem we shall clarify the subject matter and other related issues to them again and again so that their feeling can be addressed. Keeping in mind that the session 2021-22 was a transitional period from pandemic effected online system to normal**

## Department of History

### Action Taken Report on Feedback Analysis (2021-2022)

.....

1. In the first point, 'Level of preparation of the teachers for the classes', 90.26% and 8.71% students responded 'very good' and 'good' respectively while 1.03% attributed to satisfactory. There is no 'not-satisfactory' comment and we were satisfied. The department is very pleased for getting such a nice feedback from the students. However, the teachers will work hard to maintain the parameters.

2. The point 'the performance of the teachers in explaining course materials' is also encouraging to us with 87.18% and 10.77% students put their options as 'very good' and 'good' respectively while 2.05% of the respondents have written 'satisfied'. After the discussion with the faculty members of the department, teachers are requested to put emphasis on the method of elaborative explanation.

3. We recorded 92.82% and 5.64% students supported as 'very good' and 'good' and only 1.54% attributed to satisfactory in the judgment of 'the performance of the teachers in clearing any doubt/confusion raised by you'. Though all the students are satisfied but to achieve the grade 'good' from the grade satisfactory, we may make some groups from students and clear their doubts. We have decided that we will arrange the group discussion in class because it may be more effective than doubt clearing in a class.

4. 'How the teachers used class time' : Here, 94.87% students found that the teacher used full time in subject topic; however 4.62% found some deviation where 0.51% feel satisfactory in topic discussion. The analysis of this criteria shows that majority of the students are happy with the efficiency of the teachers in using the class time.

5. 'Teachers' response in clearing any doubt beyond routine time' : Beyond class hour Teachers are usually available in the teachers staff room of the department and most of the time students avail the opportunity of clearing their doubts. But in recent pandemic situation, education system is more likely on digital platforms. So, grappling with this new normal is quite challenging from both sides of teachers and students. According to the statistics submitted by students against this point we feel satisfaction, then also we shall try our level best to spare more time in doubt clearing. Besides that the students may ask their doubt or check their notes through email or WhatsApp.

6. 'Performance of the teachers in inspiring you about the subject & subject matters': Data found in the excel sheet is quite satisfactory to us because there is no 'not-satisfactory' feedback. To make the

Principal  
Garhbeta College  
Garhbeta, Paschim Medinipur

subject like History more and more interesting we will organize students' seminar, quiz, debate and popular talk in the dept. on the subject History.

7. 'Feeling in receiving feedback of your performance from your teachers in pursuing the course': In this point 98.87% students feel 'very good' and 4.62% have a 'good' feeling while 0.51% are satisfied.

8. 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?' To analysis this point, we see that 100% students never found any discrimination. However it is decided that department will collect feedbacks from the students periodically after the completion of a semester based on the parameters related to that semester.

9. 'Rating the department' it is observed that 39.49 % students have given '10' rating, 23.08% of the students have given '9' rating, 19.49% of the students have given '8' rating, 10.26% of the students given '7' rating, 4.10% of the students have given '6' rating, 2.05% of the students have given '5' rating, 1.03% of the students have given '4' rating and 0.51% of the students have given '2' rating. Department will be tried to understand and resolve the issues separately from the students. We have discussed in our faculty meeting regarding the feedbacks and we have decided that we should give more importance to improve the ratings and ensure a very good balance between the individual and overall performance of the department.

### Action taken Report on Feedback Analysis (2021--22)

1. Out of total students, 86.81% and 8.79% found '**very good**' and '**good**', respectively in the justification of '**Level of preparation of the teachers for the classes**', while 2.2% chose '**satisfactory**'. Here, also some students (2.2%) are '**not satisfied**' with the preparation of a teacher. As our teachers are very much experienced, so preparation is out of question but we have to put our attention on delivery of class lecture justify the catching power of students.
2. The feedback on the '**performance of the teachers in explaining course materials**' is also encouraging for the department. Here, 65.93% and 25.27% of the students responded respectively '**very good**' and '**good**', while 8.79% chose '**satisfactory**'. It gives us pleasure that all the students are satisfied and to keep upheld this position and achieved '**good**' we have to put emphasis on continuous improvement in the way of explanation.
3. Choosing 39.56% , 41.76% and 18.68% of the students respectively as '**very good**', '**good**', and satisfactory, to evaluate the point '**Performance of the teachers in clearing any doubt/confusion raised by you**', students gives us enough space to improve our depth of knowledge in the subject so that in future feedback limits to '**very good**', '**good**' only.
4. It is our satisfaction that except few (1.1%) students, most of the students ( 45.05% , 31.87% and 21.98% respectively put '**very good**' and '**good**' '**satisfactory**' ) noted that the teachers use the class time on the topic in the response to the point '**How the teachers used class time**'. It may happen that the teacher slips to some other topic related to the discussion and some students feel it is deviation from topic and use of time is improper. Even though, we all the teachers of the department shall be more cautious at the time of class lecture and put concentration to connect the topics.

5. Beyond the class hours, teachers of our department usually remain available in the departmental staff room. Students avail this opportunity regularly for clearing any of their doubts. We are satisfied with the feedback submitted by the students since 43.96% and 47.25% of the students responded '**very good**' and '**good**', respectively, while 8.79% chose '**satisfactory**'. Consequently, we shall try our level best to keep up this level of performance.
6. Students' feedback of the point regarding "**Performance of the teachers in inspiring you about the subject & subject matters**" is also inspiring to us. As 53.85% and 36.26% of the students responded '**very good**' and '**good**', respectively, while 9.89% chose '**satisfactory**'. To motivate students to the various topics in the subject mathematics, we shall organize popular talk on fundamental mathematics and on major thrust areas in mathematics.
7. At the juncture of the question '**Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect**', 93.41% of them never found any discrimination. The rare discrimination ( 4.4% ) may have occurred due to human error and that may be attributed to beyond the knowledge of the teacher. The rest 1.1% students sometimes found discrimination is the fact and to resolve the issue, we shall put our attention to each students and internal answer scripts has to be given to the students to find his/her mistakes and the internal questions has to be solved in the class.
8. While rating the department on the basis of '0 to 10' scale, where '0' means poor and '10' means excellent, 32.97% of the respondents have given '10' rating, 51.65% of the respondents have given '9' rating, 10.99% of the students have given '8' rating, 3.3% of the students have given '6' rating and 1.1% of the students have given '5' rating.

If all the measures mentioned in the above points 1-9 are implemented effectively and followed up regularly, we believe that the overall rating of the department can be improved. To ensure that the department is trying relentlessly.

#### Action Taken Report on Feedback Analysis (2021-2022)

- .....
1. In the first point, 'Level of preparation of the teachers for the classes', 100% respondents have written very good. By this response HOD and all faculties of the department have been happy.
  2. The point 'the performance of the teachers in explaining course materials' is also encouraging to us with 100% respondents have written 'very good'. Teachers are requested to put emphasis on method of explanation.
  3. We recorded 98.41% and 1.59% students supported as 'very good' and 'good' in the judgment of 'the performance of the teachers in clearing any doubt/confusion raised by you'. Though all the students are satisfied but to achieve the grade 'good' from the grade satisfactory, we may make some groups from students and clear their doubts. It may be more effective than doubt clearing in a class.
  4. 'How the teachers used class time': Here, 88.89% students found that the teacher used full time in subject topic; however 9.52% found some deviation where 1.59% feel satisfactory in topic discussion.
  5. 'Teachers' response in clearing any doubt beyond routine time': Beyond class hour Teachers usually available in the teachers staff room of the department and most of the time students avail the opportunity of clearing their doubts. According to the statistics submitted by students against this point we feel satisfaction, then also we shall try our level best to spare more time in doubt clearing.
  6. 'Performance of the teachers in inspiring you about the subject & subject matters': Data found in the excel sheet is quite satisfactory to us because there is no 'not-satisfactory' feedback. To make the subject like History more and more interesting we will organize quiz, debate and popular talk in the dept. on the subject History.
  7. 'Feeling in receiving feedback of your performance from your teachers in pursuing the course': In this point 100% students feel 'very good'.
  8. 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?' To analysis this point, we see that 100% students never found any discrimination.

### **ACTION TAKEN REPORT ON FEEDBACK ANALYSIS (2021-2022)**

The Physics department of Garhbeta College distributed feedback forms to students to gather their opinions. An action report was subsequently formulated based on this feedback to address various issues.

#### **Performance of the teachers in the teaching-learning process**

1. The level of preparation of the teachers for the classes garnered positive feedback from students, with 44.0% rating it as "very good" and 56.0% as "good." This response is encouraging, indicating a satisfactory evaluation from the students. Our department's teachers consistently endeavour to provide their best efforts to benefit the students. However, the Head of Department (H.O.D) has recommended that all teachers enhance their interaction with the students further.
2. In the second aspect, regarding the effectiveness of teachers in conveying course materials, students' feedback is quite positive. Specifically, 36.0% of students rated it as 'very good', 60.0% as 'good', and 4.0% as 'satisfactory'. However, there is room for improvement as only one student expressed dissatisfaction. This indicates the necessity to provide more comprehensive explanations of the subject matter to students.
3. In the third aspect, concerning the ability of teachers to address doubts or confusion raised by students, feedback is as follows: 52.0% rated it as 'very good', 36.0% as 'good', and 12.0% as 'satisfactory'. To further enhance this aspect, it is recommended that faculty members allocate additional time after class sessions to assist students in clarifying any uncertainties they may have regarding the subject matter.
4. Regarding the utilization of class time by teachers, feedback from students is as follows: 64.0% rated it as 'very good', 28.0% as 'good', and 4.0% as 'satisfactory'. However, it's notable that one student from our department expressed dissatisfaction with this aspect. This indicates a need for further examination and potential improvement of doubt-clearing sessions in class. However, the teachers of the department always give their best for the students in class.
5. In the evaluation of teachers' responsiveness in addressing doubts beyond regular hours, feedback from students indicates that 36.0% rated it as 'very good', 40.0% as 'good', and 24.0% as 'satisfied'. It's noteworthy that we prioritize supporting students outside of scheduled class times, often extending discussions if necessary and feasible. Additionally, faculty members within our department make themselves accessible during their free periods in designated areas, such as the staff room, ensuring students have convenient access to assistance for any issues they may encounter.

#### Motivational aspect of the teaching-learning process offered by the faculty member

1. In the evaluation of teachers' performance in inspiring students about the subject and subject matters, the overall response is positive. Specifically, 48.0% of respondents rated it as 'very good,' 36.0% as 'good,' and 8.0% as 'satisfied.' However, one student mentioned being 'not satisfactory.' To further foster motivation among students, we regularly organize parent-teacher meetings within the department. Additionally, we arrange scientific talks focused on physics, aiming to deepen students' understanding of this subject.
  2. Regarding the feedback received from teachers on their performance during the course, 48.0% of students rated it as 'very good,' while 28.0% rated it as 'good.' However, one student expressed dissatisfaction with the feedback provided. This indicates a need for further attention to ensure that feedback mechanisms effectively support students in their academic pursuits.
  3. In analyzing the feedback regarding whether students feel discriminated against in classes or during performance evaluations, the majority, comprising 68.0% of students, reported never experiencing discrimination. Few students, seven to be precise, indicated rare instances of feeling discriminated against, while only one student reported feeling discrimination frequently. We consistently encourage our students to maintain interactive communication with their teachers. Our department boasts motivated teachers and staff, who significantly address the discrimination occurring. Also faculty members engage in open discussions and repeatedly clarify subject matters to alleviate any misunderstandings that may arise.
- ❖ When rating the department on a scale from 0 to 10, where 0 represents poor and 10 signifies excellent, 12.0% of respondents rated it as '10', 28.0% as '9', 16.0% as '8', 24.0% as '7', and 4.0% as '3'. These ratings indicate a generally positive perception of the department, with a significant portion of respondents assigning high scores. However, there is also room for improvement, as evidenced by some respondents providing lower ratings.

Moreover, to ensure the overall development of the department

- (i) Each department should implement a system where students can submit their complaints anonymously through a complaint box. These complaints will be recorded weekly in a register and addressed within the department. If a resolution cannot be reached internally, the college authority will intervene to resolve the matter further.
- (ii) Faculty members within the department should conduct counseling sessions for students to address any fears or concerns related to harassment of any kind.

### **Action taken Report on Feedback Analysis (2021--22)**

1. Regarding 'Level of preparation of the teachers for the classes', 9% and 83% of students responded 'very good' and 'good', respectively, whereas 8% of the respondents chose the category 'satisfactory'. In this respect, HOD discussed in departmental meeting to enhance the level of preparation before classes and also should be careful regarding delivery of lectures putting more emphasis on students' understanding satisfaction.
2. The feedback on the 'Performance of the teachers in explaining course materials' is also encouraging for the teachers as 33% and 67% of the students responded 'very good' and 'good' respectively. Hence, this feedback motivated teachers to explain the topics more elaborately and profoundly. Teachers are also suggested to put weightage on continuous improvement of their methods of explanation as well as updated for the related topic.
3. In case of 'Performance of the teachers in clearing any doubt/confusion raised by you', 8% and 92% of the students replied 'very good' and 'good', respectively. This feedback boosts up the confidence of all of us and in departmental meeting we discussed and decided to put more effort to clear the doubt of the students during class or after class. To clear doubts remedial class will be taken for slow and advanced learners separately.
4. Regarding the 'Efficiency of the teachers in using the class time', 50% and 50% of the students responded 'very good' and 'good' respectively. In the meeting of the department HOD request all the teachers to maintain the class time as well as deliver the lecture such a way the course can be completed within time and also the class tests will be taken during the class time for better performances of

5. We are pleased with the feedback submitted by the students since 33% and 59% of the students responded 'very good' and 'good', respectively, whereas 8% of the respondents chose the category 'satisfactory'. In our department, usually teachers remain available in the departmental staff room beyond the class hours. Students avail this opportunity regularly for clearing their doubts. Also, they clear their doubt in case of practical as we arrange many extra practice sessions.

6. Regarding "Performance of the teachers in inspiring the learners about the subject & subject matters" 100% of the students responded 'very good'. This feedback inspire all teachers in our department. To get this type of feedback we will try to maintain this performance.

7. 75% of the respondents have written 'good', 25% of the respondents have written 'satisfactory', regarding 'Your feeling in receiving feedback of your performance from your teachers in pursuing the course'. In the departmental meeting it is resolved that all the teachers will give their honest feedback to each student politely. We also should encourage our students giving positive feedback after their internal and University exam time to time.

8. When the students were asked 'Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect? 25% have come across discrimination rarely, 50% of the respondents have marked sometimes and 25% of the students marked frequently. ### ANALYSIS OF STUDENTS' FEEDBACK (2021-22) & ACTION TAKEN REPORT

Department of Sanskrit of Garhbeta College has distributed a feedback form amongst the students. Where we had asked the students 09 question on the basis of 5 parameters and we have received the reaction of the students. In many aspects their reply is quite good, but few aspects also are there where their reactions are partly satisfactory and partly not satisfactory also. So after observing their reactions we have arranged a departmental meeting. On the basis of that meeting this feedback analysis and action taken report is prepared.

#### TOTAL NUMBER OF RESPONSE - 102

1. In teaching learning parameter first question was about the **level of preparation of the teachers for the classes.** On this question 90.16% students have written 'very good', 7.84% have reacted 'good' and only two students responded satisfactory. We are happy that our above 90% students reacted very good, and some students responded good. It is a matter of concern that two students have written satisfactory. So, in this parameter we, the teachers of Sanskrit, are happy and we are hoping that we will be able to transform these good and satisfactory ones into very good.
2. The Second question was about the **performance of the teachers in explaining course materials.** After asking this question to our students, 92.15% have reacted "very good" and the rest 7.85% students have written "good". As the qualification of the teachers of Sanskrit department is so enriched so that as per expectations their performance will also be enriched. We are contended that almost every student is happy with our performance. We will try hard to keep this performance stable in future.
3. When the students are asked about **the performance of the teachers in clearing any doubt/confusion raised by the students,** 88.23% students have written very good, 10.78% students have written good and only 0.98% students have written satisfactory. This result is also good. We are happy with this result also.
4. Through the fourth question we wanted to know **How the teachers used class time,** where 84.31% students have reacted "very good", 12.74% students have written "good" and 2.95% students have written "satisfactory. If we compare this report with the previous year's feedback, we can see the change. This result is far better than the last one. So, we are happy with this result also. But we will definitely try to change these satisfactory ones into very good.

5. While students have been questioned about the **response of the teacher in clearing any doubt beyond routine time**, 89.21% students have answered "very good" and 10.78% students have written "good". Actually, teachers are always available in the departmental staff-room. Students avail this opportunity regularly for clearing any of their doubts. We have decided that we will ask our students to contact with the teacher to clear his/her doubt after their class. We hope our steps will make the students overcome their problem.

### Teaching Learning Process

6. The second aspect of the feedback was Motivational Aspect where we have asked two questions. The first question was about **the performance of the teachers in inspiring the learners about the subject and subject matters**. 88.23% students have written very good and the rest 11.76% students have written good. In our India, many people say that Sanskrit is a dead language and nothing except worshipping God can be done using Sanskrit literature. After hearing this, many students get demotivated. So, in the departmental meeting it has been decided that we will ask our students personally and motivate them about the

subject and subject matters.

7. In motivational aspect, the second question was about **their feeling in receiving feedback learners' performance from the teachers in pursuing the course.** 84.35% students have written very good and the rest 15.65% students have written good. This reaction is also good. We are happy with this result.

### Motivational Aspect

☒ F. Performance of the teachers in inspiring you about the subject & subject matters:

☒ G. Your feeling in receiving feedback of your performance from your teachers in pursuing the course:

8. When the students were asked, "**Did you ever feel discriminated in class or evaluating your performance in the internal assessment/ test or in any other respect?**" 100% of our students have never found any discrimination. The result is the same as expected by us as our teachers always try to uplift the level of confidence among the students. To them students are all equal. In a class, few students are always good learners, few are moderate and few are poor. But at one point, they all are our students. So, there is no chance of discriminations.

## Actions taken Report on Feedback Analysis (Session: 2021-22)

1. Based on the students' feedback on '**Level of preparation of the teachers for the classes**', the departmental head has requested all the teachers to be more careful regarding their class preparation. Moreover, we will put more importance on students' satisfaction.
2. Based on the students' feedback on '**performance of the teachers in explaining course materials**', the department arranged a meeting to discuss that issue and decided to put more emphasis on the continuous improvement of their methods and techniques of explanation.
3. Based on the students' feedback on "**Performance of the teachers in clearing any doubt/confusion raised by the student**", the teachers met with the students and decided to give more emphasis on question-answer session, taking more remedial classes to clear their doubts.
4. Based on the students' feedback on '**Efficiency of the teachers in using class time**', all the teachers of the department have promised to work hard to make an improvement in this regard.
5. Beyond the routine time, teachers of our department usually remain present in the departmental staff room. Students get that opportunity regularly to clear any of their confusion. After receiving feedback, the teachers of the department discussed with each other how they can help the students and share their thoughts and promised to try their level best to help the students.
6. Based on the students' feedback on "**Performance of the teachers in inspiring you about the subject & subject matters**", to make Santali literature and language more interesting, the department has decided to organize more lectures and seminars frequently on various topics. The teachers have also decided to make their classes more interesting with the help of teaching aids.
7. Students' rating of the department and feedback on **receiving feedback of their performance from their teachers in pursuing the course, feeling discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect** are very much encouraging.

**Analysis of different parameters:**

➤ **Performance of teachers in the teaching learning process**

Following aspects were taken for consideration:

1. *Level of preparation of the teachers for the classes.*
2. *Performance of the teachers in explaining course materials.*
3. *Performance of the teachers in clearing any doubt / confusion raised by the students.*
4. *Efficiency of the teachers in using class time.*
5. *Teachers' response in clearing any doubt beyond routine time.*

Students' responses on the above-mentioned criteria are graphically represented (Figure 1). They have provided mixed feedback regarding the performance of teachers in the teaching learning process.

## Action taken Report on Feedback Analysis (2021–22)

- In the first point, 'Level of preparation of the teachers for the classes', 30%, 56%, and 14% students responded 'very good', 'good', 'satisfactory' respectively. There is no 'not-satisfactory' comment in this issue.
- 38%, 53% and 8% students have responded 'very good', 'good', and 'satisfactory' regarding the performances of the teachers in explaining course materials. 2% have voted for 'not satisfactory'.
- 38%, 30% and 28% students have responded 'very good', 'good', and 'satisfactory' regarding the performances of the teachers in clearing doubts. 5% have voted for 'not satisfactory'.
- 25%, 42% and 14% students have responded 'very good', 'good', and 'satisfactory' regarding class time management by teachers. 19% have voted for 'not satisfactory', which is point of concern for the department.

Overall, we received mixed feedback for the teachers' performance and involvement in the teaching-learning processes. While a major fraction of the students are satisfied with all aspects, the others were less satisfied especially regarding time management. All the members of faculty of Zoology have discussed these issues. Over a large time period of this academic session, we had to conduct the classes completely in the online mode due to COVID 19 crisis. After that we gradually shifted to physical mode as and when permitted by the

circumstances. However, for a laboratory-based curriculum it is extremely difficult to emulate the normal academic proceedings online. During the lockdown period the laboratories were nonfunctional; upon commencement of physical classes, it required considerable time to resume everything in a disciplined fashion. Both the teaching and nonteaching staff and the students took time to acclimatize themselves with the reinstated offline mode of teaching and learning, especially during the transitional phase. The department will try to deliver the best for the betterment of the students. Remedial classes, different teaching methods will be taken up and applied for students who need more assistance. Faculty members will talk to groups of students for their concerns. We are hopeful to get a better feedback scenario for the next academic session.

- Regarding "performances of the teachers in inspiring about the subject and subject matters" 41%, 44%, and 13% students choose the options 'very good', 'good', and 'satisfactory' respectively. 3% students were not satisfied.
- 20%, and 36% students have responded 'very good', 'good', and 'satisfactory' respectively when asked their experiences about receiving feedback from teachers about their performances. 8% voted for 'non satisfactory'.

Overall performance of Zoology department in motivating students is quite satisfactory. Department has already organized various seminars, popular, and motivational talks for the students. We shall organize such lectures, quiz, debates etc. in future. Department will notify the students about the national level examinations and also help them to get prepared.

- "Did you ever feel discriminated in classes or evaluating your performance in the internal assessment/test or in any other respect?" To analysis this point, we see that 52% students never found any discrimination and 27% have come across any discrimination rarely; this rare discrimination may occur and it is human error and never within the knowledge of a teacher. However, 16%, and 6% students assessed that the discrimination occurs sometimes, and frequently respectively. It may be attributed that the students couldn't envisaged his/her mistake; we shall clarify the subject matter again and again so that their misconception annihilated and students can rectify themselves.

Zoology department will take the following steps to enhance the overall development:

**There will be a complaint box for students and once in a week it will be noted in a register and redressed in the department. If there was no way out then college authority will take up the matter and proceed further.**

**Teachers of the department will conduct counseling for students to eradicate fear regarding any kind of harassment.**

**Department will organize various cocurricular activities to boost the development of students.**
