## Salient Features of the Book:

- The book will prove helpful for students of mathematics honours course in different universities.
- Every chapter contains theorems with detailed proof with all important special cases.
- Proofs are presented using more perfect diagrams and symbols.
- The book contains a large number of examples, exercises and solved out problems.
- This book can also be used for different competitive examinations.

## About the Authors:

Dr. Abhijit Banerjee is an Assistant Professor in the department of mathematics of Garbeta College, Garbeta, Paschim Midnapore. He had served the department of mathematics, Krishnath College, Berhampore, Murshidabad from March 2005 to March 2019. He obtained his Ph.D degree from the Department of applied mathematics, University of Calcutta in 2013. Till date he has published eighteen research papers in various reputed international journals in the broad field of Mathematical and theoretical Physics. He has reviewed a good number of research papers in national and international journals of repute.

Mr. Timir Kanti Mandal, graduated with B.Sc(Hons.) from University of Kalyani, did his M.Sc in Mathematics from Jadavpur University in 2011. He joined Bidupara Jr. High School, as an Assistant Teacher of mathematics (PG) in 2011. Subsequently he joined Ratanpur Jr. High School as an assistant teacher in a same post in 2015. He is a very famous teacher of Mathematics. A huge number of students benefitted enormously from his diligent guidance for the last 8 years of his teaching. He is very much passionate about mathematics and is also attached with many organizations related to mathematics.
