Date: 9th June, 2021

NOTICE

We are glad to inform that as recommended by IQAC and approved by GB, Garhbeta College, the Department of Mathematics is hereby announcing the commencement of “**STUDENTS’ INCENTIVE SCHEME (for Session-2020-21)**” to encourage the students to pursue higher studies (including research work) successfully in the near future. So, we are inviting **articles** from the PG 4th Semester students, the framework and necessary detailed guidelines for which are given below:

- 1. Each participant has the liberty to find a problem as his/her choice. A participant is absolutely free to select a problem / topic which is either an original research work or a review work or a popular topic in nature.**
- 2. The faculty members of the department, may provide the logistic support like supplying journals, books etc to the participants as sought by them but will be refrained from providing any kind of guidance which may generate discrimination.**
- 3. There will be a page limit for the articles submitted by the students of Mathematics irrespective of its nature (i.e., whether it is original, review or popular work in nature).**
 - In case the article is handwritten, the page limit is 10;*
 - In case the article is typed in computer, the page limit is 7.*
- 5. A student pursuing PG course may choose a problem which is an extended part of his/her dissertation of the project done in PG semester IV. However, in such cases, he/she will have to submit a written declaration stating that his/her submitted original / review / popular article, whatsoever may be, is not a part of the dissertation carried out in PG semester IV. Also, the respective project supervisor will verify this matter at the time of screening.**
- 6. Last date for submission of article: 30th September, 2021.**
- 7. To select first, second and third rank-holders among the participants according to the merit of their submission, it is decided that each article will be undergone a common adjudgment based on the following parameters bearing 100 grade points in total.**
