Garhbeta College, Annual Report - 2021-2022

Introduction

In the Bargiraj Dynasty, Garhbeta was a small hamlet. As found in history, this place became popular in the art and culture since the 16th century. The river Silabati was a silent spectator of many ups and downs happened in Garhbeta. There is many evidence that occurred in British Rule of oppression and its strong opposition from the people of Garhbeta. To take a frontier role in the development of the nation, the people of Garhbeta established Garhbeta High School in 1888.

It was a milestone in education. The well known leader in 'Quit India' Movement' Late Gobinda Kurnar Singha envisaged to establish one higher educational institution at Garhbeta, and he successfully did this noble work with the full support of the villagers as well as the Zamindar of this area. The auspicious day in which the 'RarahBangla' got the door to higher study was 13th August 1948. Garhbeta had rich cultural heritage in its past. The bank of the holy river Silabati was the mother of many great sons like freedom fighter, nobel educationist, big corporate owner etc. The place with religious interest, enchanting sight of the Mahabharata fame 'Gangani' and the varied beauty of pleasant vast green forest and laterite soil attract many visitors with diverse interest on different occasions throughout the year. Much more water has passed through Silabati, Garhbeta adopted various changes in the course of time. Fertile land, well connected road & railways and experts in various fields put Garhbeta to its inevitable position in agriculture, business and education.

The college had started its journey from Banerjee danga High School with only 50 students on 12th February 1950 and then the college was shifted to its campus constituted by the generous donation of 2.58 acres of land by the local freedom fighter Late Basanta Kumar Sarkar and 9.56 acres of land by Midnapore Zamindar Company. The college is marching forward with a vision to achieve its mission of catering to higher education for students of Paschim Medinipur and the adjoining district of Bankura and Hooghly. In the 70 years of its long journey started just with a corrugated shade in the jungle, the college has now reached significant height and possesses large buildings, well established laboratories with sophisticated instruments and provided with other basic amenities that are essential for

an institution of higher learning. At the inception the College was affiliated to the University of Calcutta with Arts and Commerce stream in intermediate standard. Affiliation upto B.A. (Pass) standard was extended in 1957, followed by B.Sc. (Pass) in 1960 and Mathematics (Hons.) and History (Hons.) in 1964. Subsequently, University of Calcutta granted B. Com (Pass), Zoology (Pass) and Botany (Pass) in 1982 and 1983 respectively. In 1985, the hunger for education of the people of undivided Midnapore received the long waiting and

most coveted gift from Vidyasagar University from UGC as well as Govt. of West Bengal. And Garhbeta College became affiliated to the University and the college steadily progressed in all its dimensions of academic sphere. Now the college offers honours in fourteen subjects arts, science, and commerce along with the newly introduced Santali Hons, and four post-graduate courses in Bengali (M.A.), History (M.A.), Mathematics (M.Sc.) and Zoology (M.Sc.). Besides, there are one major vocational course (O.M.S.P.) and two professional course B.P. Ed, (N.C.T.E approved) & BCA (since 2016) also running in the college. These are remarkable achievement of Garhbeta College, and these will offer higher studies to the students of this locality at their doorstep. There has been continuous research activity in most of the departments as well. Ex-students are also in constant touch with the departments in the perspective of higher studies and research. To send the message that the education is not only for all but for all ages, Garhbeta College has a wing of distance education in its campus namely Netaji Subhas Open University Study Centre. Soon Garhbeta College will take a frontier leadership in the propagation of higher education in the Country.

Late Gobinda Kurnar Singha

VISION AND MISSION

Vision

The college envisions an enlightened and empowered young generation competent of spearheading and advancing the noble ideals of peace, democracy, secularism, social inclusion, gender equity and ecological consciousness. Through a progressive curriculum and excellent as well as congenial campus environment, youth forces are to be imparted with such comprehensive level of knowledge so that they can act as agents of transformation in a fast changing and volatile world. Thus, the college inspires students to devote themselves in the work of nation building, to concretize their knowledge with realistic view. It aspires to be a center of excellence at par with any reputed international institution where, irrespective of caste, creed or gender, students are encouraged to become intellectually active, emotionally balanced, socially committed and morally upright global citizens.

Mission

- ❖ Our mission is to impart value-based quality education that makes the students intellectually fit, socially committed and ecologically conscious.
- ❖ To enhance access to higher education to the students coming from the poor and Backward community of Bananchal based remote areas of the district of Paschim Medinipur, Bankura, Purulia and Hooghly of West Bengal.
- ❖ To orient the students by providing them opportunities to face challenges of the competitive world with utmost utilization of their potential in academic, cultural and sports events. To inculcate high moral and ethical values amongst the students to make them responsible citizens and good human beings.
- ❖ To promote awareness on ecological and environmental issues by means of campaigning of awareness about the environment; and for emphasizing upon the use of nature as remedy. We campaign and promote our medicinal garden and our mission is to eventually encourage the farmers to produce organic means of agriculture.
- ❖ To usher the students as well as the teachers into innovative research by organizing seminars, lectures and works hops by eminent persons of different fields.
- ❖ To provide well equipped laboratories, ICT enabled classrooms, friendly and green environment to help flourish the potential of the students in all axes like science, arts, commerce, sports and cultural.

- ❖ To provide higher education to those people who did not get opportunity to acquire it in time due to some social and financial obstacle through Netaji Subhas Open University Study Centre

OBJECTIVES

- ❖ To provide higher education to students from all sections of society.
- ❖ To inculcate moral values and commitment to society among the students
- ❖ To aim on focusing & bringing passion to the young generations of today from all the sections of society to "Get Educate and Spread Education" and become the leaders of nation.
- ❖ To create rightful awareness on opportunities, among the students towards building a bright career.
- ❖ To provide trained and skilled human resource for the ever-changing world in science, technology and culture along with sports.
- ❖ To stimulate and inspire the students so that they develop an all-round personality and treat learning as a growth process, see industry in a wider perspective and accept opportunities of job in the field as a thrilling experience calling for resourcefulness, initiative and creative work.
- ❖ To provide opportunities to faculty members to update their knowledge, teaching and research skills.
- ❖ To provide infrastructure and learning resources to all the departments.

COLLEGE ACTIVITIES

SAHELI: THE WOMENS' CELL

The Women's Cell, 'Saheli' of Garhbeta College started its journey in the year of 2011. The college authority feels that there must be a platform for the women employees and lady students at the college to share their views, raise their voice against offences and to bring those to the knowledge of the higher authority of the college. 'Saheli' also deals with undesirable incidents concerning women in the college campus and address different social issues.

Objectives:

1. To prevent gender discrimination & sexual harassment in the college campus.
2. To deal the cases of sexual harassment, in a time bound manner aiming at ensuring services to the victims and terminating the harassment.
3. To recommend appropriate punitive action against the guilty to the higher authority of the college.
4. To grow awareness among the girl students and female staff of the college about women health & women legislative support provided by the constitution of India.

Functions :

1. Promotion of gender equality and documentation & dissemination.

Organization of awareness program for girl students and female staff on different aspects of gender amity, health management & legal rights of women.

2. Consultation with the Lawyer, Doctor and /or a counselor as required.

3. The women's cell 'Saheli' shall be ethically accountable to the complainants as well as the accused and shall do its utmost to provide justice for each Programs undertaken by 'Saheli' each complaint to the best of its ability.

Programmes undertaken by 'Saheli':

1. 'Saheli', the Women's cell, Garhbeta College had organized a special lecture on '8-i Marcher Itihas, Lingaboisamy' on 23rd March, 2022. Garhbeta College strongly encourages gender parity and is constantly working towards providing a conducive environment for efficient and effective communications between the employees and students. Men, women and Transgender need to be sensitized towards gender issues, the boundaries that exist between colleagues and how such boundaries are crossed. The students and faculty of the college also need to be constantly informed about the Sexual Harassment of Women at Workplace Act, 2013, Gender harassment, Gender discrimination and Gender sensitization. In order to address such concerns a one-day special talk was organized by 'Saheli'. The objective of the special talk was to sensitize the participants on gender issues, to help them be aware of gender biases, to help them resolve interpersonal conflicts arising from gender issues and to enable them to act assertively and respond to challenges in workplace. Dr. Saswati Ghosh, eminent social worker, writer and Associate Professor of City College talked about patriarchy, violence in the family as well as issues related to gender inequality in our society. She also talked about stereo-type concept of human-mind about diagnosis of gender. She also talked about the history of celebration of 8th

March. The audiences participated actively in the open house discussion and were appreciative about getting an opportunity to know and discuss gender discrimination, gender sensitivity. She also asked the students to come forward for making a new gender- discrimination free society. Around 250 participants from neighboring colleges, schools and Home Institution attended this special talk.

2. Advancing gender equality in the context of the climate crisis and disaster risk reduction is one of the greatest global challenges of the 21st century. Women are increasingly being recognized as more vulnerable to climate change impacts than men are, as they constitute the majority of the world's poor and are more dependent on the natural resources which climate change threatens the most. On 8th March, 2022, Garhbeta College celebrated International Women's Day with "Gender equality today for a sustainable tomorrow" as the heart of the discourse. Principal inaugurated the program and delivered his lecture to make the audience sensitive about giving every person respect, comfort, care and treating them with humanity. Then Prof. (Dr.) Sushil Kumar Ghosh, the Coordinator of IQAC, Prof. (Dr.) Santimoy Patra, GB member of the college, Prof. (Dr.) Rita Sil, Joint Convener of the Women's Cell and Prof. (Dr.) Sajed Biswas, Secretary of Teachers' Council gave speech on their individual mind set towards gender sensitization. Later Prof. (Dr.) Prithwish Kumar Hait elaborated the theme of the program and told the audience how awareness raising in educational set- up, at workplace and in society can eliminate gender-based prejudice and there by change stereotyped working cultures as regards to the roles and abilities of women and men, including attitude towards women in leadership positions.

Effective Turning Around in the Post-Pandemic Period

The Covid-19 pandemic and the social distancing that followed have affected all walks of society, also education. In order to keep education running, educational institutions have had to quickly adapt to the situation. This has resulted in an unprecedented push to online learning. Once the fear started to subside, while the surge of infection started to die down too, our college, like many other similar educational institutes, was at a crossroads. The greatest challenge was to wean students off the home-bound online teaching-learning-evaluation and bring them back to the campus. A number of the students who had passed out of schools came to college for the first time after two years. The college took up this challenge and ensured a welcoming environment for them, where they saw teachers and all the people of the college are happy to be back on campus and excited to start frontal teaching-learning-evaluation process back again. The college has taken this re-opening of campus as an opportunity too, to reflect upon the lesson the lockdown period provided. It was about how the non-human natural world thrived and grew happily while normal human activities were suspended. It proved how the so-called normal human activities were harmful to the environment. Our college has rolled out policies and decisions about making the campus green in all possible aspects. Re-learning to live in harmony with nature has been the focus of our college in the post-pandemic era. Our environmental policy, energy policy, water and waste management policy and developing a green campus is gradually materializing. We as a higher education institute has learnt the lesson that humans cannot grow intellectually or materially by being at disharmony with the nature. We thus have adopted the green way to ensure a productive and holistic educational environment for our students.
