CENTRAL LIBRARY

NOTICE

We are pleased to remind you about the availability of the National Library and Information Services Infrastructure for Scholarly Content (N-LIST), a valuable digital library initiative providing access to a wide range of e-resources, including e-books and e-journals.

To maximize the benefits of this resource and enhance teaching, learning, and research, we encourage all faculty members to actively utilize N-LIST resources in their academic activities. These resources can support curriculum development, guide students in their research projects, and aid in staying updated with the latest developments in your respective fields.

If you require any training or additional support in using N-LIST, Librarian will be very much pleased to extend his best effort for your easy access and use of the digital library N-LIST.

(Dr. H. P. Sarkar)
